About Flower Power Mom

| [More](#)

What: A forum for women who gave birth after 40 - where the truth about mid-life motherhood is revealed.

Who: Angel La Liberte

Background: Against the odds and well into her 40s, La Liberte, who has bachelor's degree in psychology, gave birth to two children (in 2002 and 2005) without the aid of medical fertility treatments. Unwittingly, she was soon drawn into the rising international cause celebre in the baby-making stakes - the fast-growing population of midlife moms.

Career: An experienced writer and public campaigner on divorce and relationship issues in the media limelight, La Liberte was a regular guest expert handling live phone-ins on more than 200 television and talk shows - including BBC and ITV news and breakfast programs - and newspaper and magazine features, in the U.K. throughout the 1990s.

She moved to Canada in 2002 and launched a national network advocating more ethical business practices for complementary health practitioners.

She moved to California in 2007 to raise her family and weigh in on the controversy surrounding the rise of the granny-moms and to tell all about their hitherto secret lives.

Author: "Relationship Breakdown - A Survival Guide," was published in the U.K. and Europe. Upcoming book "Flower Power Mom."
